Two business men did disagree
About a deal one day.
"Let's toss a coin," said A. to B.
"And settle it that way."

But B refused. He wouldn't toss,
He firmly set his jaw.
Since neither man would come across
They had to go to law.

Expenses pile up thick and fast
When men in lawsuits join
The jury settled things at last
By tossing up a coin.

WANTED

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10
AND 18 YEARS TO JOIN OUR

MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County de-
pends upon the continuing development of its Agricultural interests and the
business efficiency of our future Farmers, with the hope of being able to aid
in those directions, we have decided to organize a Heifer Club for the Farmer
Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase
Fifty Grade Shorthorn Heifers, about eight months old and weighing about
600 pounds, which we will distribute among the first fifty Mason County
Farmer Boys, between the ages of 10 and 18 years, that apply for and agree
to care for same and that can execute a bankable note covering the cost of the
Heifer; which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Ex-
tension Service of the State College of Agriculture and be distributed among
the boys by lot. Each boy will be given the same chance to make good, and
required to become a member of the Mason County Boys' Agricultural Club
and to care for the Heifer under the directions of the County Agent; to have the
Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and
her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now; but, you must
properly care for the Heifer and pay for it later and all the increase and
profit will be yours.

About \$100 will be given away in prizes to the boys getting the best re-
sults, with their Heifers, at the exhibition to be held in the fall of 1918.

For full particulars call at Bank or see Mr. E. F. Boyd, Jr., County Agent,
at once, as we want to close entries to the club by September 1st.

We are anxious to help Boys that are willing to work and learn.

DOOM FOR LIQUOR

Seen By Governor Black—Says That
Is One of the Achievements He
Sees as a Result of the War—
Speaks to Methodist
Conference.

Lexington, Ky., September 8—Pro-
phesying that the result of the present
conflict will be that the sale and man-
ufacture of whiskey would be pro-
hibited, Lieutenant Governor James D.

Black made the feature address of this
morning's session of the State Meth-
odist church conference.

"I have heard it stated on good au-
thority," Mr. Black said, "that the people
of the United States spend more
than \$2,500,000,000 annually for whisky.
This is more money than is spent

for education and five or six times as
much as it cost to construct the Pana-

ma Canal."

The speaker said he was certain
that some achievement would come

out of the war as a compensation for
the blood which is being spilled on the
battlefields of Europe and that those
achievements would be the abolishment of the liquor trade.

To accomplish this result, the lieuten-
ant governor said that much depen-
ded upon the November election in
Kentucky and he urged the people to
send only those men to the legislature
who favored submitting the prohibitory
amendment to the voters of the
State.

At a conference this morning the
following lay delegates were chosen
to go to the general conference, which
will be held in Atlanta next May:
W. W. Ball of Maysville; Dr. C. B.
VanArsdale, of Harrodsburg; Alfred
Combs, of Lexington, and Judge Wins-
low, of Carrollton.

The morning session was featured
by addresses by prominent educators
who were seeking aid in behalf of the
Methodist institutions of learning
which they represented.

Dr. O. F. Goddard, of Galveston,
Tex., delivered an address in the inter-
est of education, showing how impor-
tant it was that the mass of the
people should be educated, and em-
phasizing the cooperation which
should exist between the school and
the church.

Dr. R. H. Bennett, of Atlanta, presi-
dent of the correspondence school for
young ministers, spoke on the need
for a better education for the minis-
try. His talk was followed by an ad-
dress by Dr. J. L. Clark, of Winches-
ter, in behalf of Kentucky Wesleyan
College.

The meeting this morning was at-
tended by the largest crowd of the
week and considerable interest was
manifested in the program.

The conference will come to a close
Monday at noon.

TWO DEATHS AT INFIRMARY

Charles Myers, aged 58 years, an
itinerant fruit tree agent, died at the
County Infirmary yesterday afternoon
at 1:30 o'clock after a short illness of
heart trouble and Bright's disease.
Myers came to Mason county from
Ohio several weeks ago and took ill
at Lewisburg about a week ago. He
was removed to the County Infirmary
Saturday night. His relatives in Ohio
have been notified of his death and his
brother will arrive today to take his
remains to his home in Jamestown,
Ohio.

Mrs. Mary A. Guy, an aged inmate
of the County Infirmary, passed away
at that institution Friday night at 7:30
o'clock of the infirmities of old age.
The funeral was held Sunday. Burial
in the Stonelick cemetery.

ARE NOT TALKING GERMAN

Reports coming from the High
School are to the effect that there is
not a pupil enrolled in the first-year
German class. There are several pu-
pils in the second-year class, but the
rules of the school are that in order to
get credits for German the two terms
must be taken. The new study in the
school, Spanish, is proving quite pop-
ular.

for a commission in the Engineer Of-
ficers Corps, in March, 1917, has been
advised that he was commissioned as
a First Lieutenant on the 29th of last
month and his commission is being
forwarded.

Mr. Nimmo has been located in
Maysville for the past several years,
being in the U. S. Engineer Depart-
ment at Lock and Dam No. 33, having
been in charge of the work since the
departure of Mr. F. M. Morgan for the
officers training camp.

Mr. G. W. McAlpin of Vevay, Ind.,
who has been located at Dam No. 39,
which is under construction there, ar-
rived at Dam 33 yesterday to take the
position of Junior Engineer in active
charge of the work.

**BROTHER OF FORMER MAYSVILLE
LADY MURDERED IN
OKLAHOMA**

(Edmond, Okla., News.)

The last chapter in the murder of
A. E. Keep, who owned an automobile
in this city, was chronicled Monday
night when Alex Smith confessed
murder, pleaded guilty and was
sent to the state penitentiary for life
at hard labor. Smith was arrested at
Garfield last Friday afternoon, where
he confessed of the murder of Mr.

Keeps at Ingalls on Wednesday even-
ing, and told the officers where they
could find the body. Smith's sole moti-
ve for the crime seems to have been
an uncontrollable desire to own an
automobile, and he planned and car-
ried out the cold-blooded murder to
obtain a pleasure car for himself.

Having nothing with which to cover
the body, Smith drove through Dodge
City shortly after dark with the body
uncovered, but nobody noticed the sil-
ent passenger.

For thirty-seven years, Mr. McDan-
iel's hand was at the throttle on loco-
motives of the Chesapeake & Ohio
railway, on this division.

He was one of the oldest engineers on the line,

and his experience ranged from the
fastest passenger trains to freight and
shop trains. He was transferred to the
C. & O. from the Hocking Valley
railroad, where he gained his first ex-
perience in railroading.

**HUNTINGTON TOWNSHIP GOES
DRY BY LARGE MAJORITY**

Huntington Township, Ohio, just
across the river from this city, gave
emphatic disapproval of the saloon
there when it voted dry, the vote
standing 248 against the licensed sala-
loon and 98 for the same, making a
majority of 150 for the dry forces.

The saloon will close up shop within
thirty days, as is provided by the law.

MARRIAGES

Linville-Linville

Verner Linville, aged 28, and George
Ann Linville, aged 30, both of Robert-
son county, were married by County
Judge W. H. Rice in the County
Clerk's office Saturday.

Clifford-Swearingen

W. A. Swearingen, aged 26, of Ep-
worth, Lewis county, and Bertha Gif-
ford, aged 28, of Sardis, were married
in the County Clerk's office Saturday
by County Judge W. H. Rice.

Johnson-Fields

Mack Johnson, aged 25, and Nellie
Johnson, aged 21, both of West Union,
Ohio, were married by Squire Fred W.
Bauer in the County Clerk's office Sat-
urday night.

C. & O. ENGINEER DIES AT HUN- TINGTON

Huntington, W. Va., September 10—
Fletcher C. McDaniel, aged 64, a veter-
an C. & O. engineer, died last night
at 7:30 o'clock at his residence, 1017
Eighteenth avenue, after an illness of five
weeks. Mr. McDaniel's death was not
unexpected as he had been in failing
health for some time, due to an old
wound received in a wreck about ten
years ago, when he was pinned be-
neath his locomotive.

For thirty-seven years, Mr. McDan-
iel's hand was at the throttle on loco-
motives of the Chesapeake & Ohio
railway, on this division.

The policy of secrecy just before embarking may be wise, but what is perhaps most needed to stir up enthusiasm just now in the average American city is a big parade of thousands of troops. As it is, we almost forget that there is a war notwithstanding the khaki-clad youths who walk our streets in companies of two or three.

The men who made the Constitution had never heard a "bone dry" proposition in all their lives and doubtless most of them regarded a mint-julep, or its 1787 equivalent, as scarcely less a matter of course than a cup of coffee. Such are time's changes.

The savage who poisoned his arrow points furnished both the suggestion and the precedent for poisonous gases—a recollection which, in turn, is a reminder that all the savages of all time had nothing on the originators and protagonists of this war.

The Kaiser protests that there was no gambling in schemes of conquest in his council chamber. True enough, for all the war lords thought it was a sure thing until their plans were badly dislocated by Belgian stubbornness and French pluck.

We are learning to be less wasteful. American cities with a combined population of fifteen million threw 32 per cent. less good food on the garbage heap during the year ending in June than during the previous year.

Principal Moton, Booker Washington's successor at Tuskegee, ventures to assert—while not on a Northern collecting tour—that the anti-negro outbreak in Illinois "could not have occurred in the South."

The bill providing free carriage for soldiers' and sailors' letters invites attention to franking privileges more appropriate just now than those so long enjoyed by Congressmen.

One country editor too old to enlist reports that he is trying to do his bit by supporting the government and "giving the Germans hell." Some bit.

When we sign a peace treaty we shall be reasonably sure that it won't turn into a "scrap of paper."

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISHBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

HOME-READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department and all rights to reprint reserved.)

This course of thirty daily lessons is offered to the men selected for service in the National Army, as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this Course is merely introductory.

LESSON NO. 25.

DISCIPLINE AND RESPECT FOR THE COLORS.

(Pending Lessons: 1. Your Post of Honor. 2. Making Good as a Soldier. 3. Nine Qualities of a Soldier. 4. Getting Ready for Camp. 5. First Days in Camp. 6. Cleanliness in Camp. 7. Your Health. 8. Marching and Care of Feet. 9. Your Equipment and Arms. 10. Recreations in Camp. 11. Playing the Game. 12. Team Work in the Army. 13. Grouping Men into Teams. 14. The Team Leaders. 15. Fighting Arms of the Service. 16. Staff Branches of the Service—I. 17. Staff Branches of the Service, II. 18. Army Insignia. 19. The Army System of Training. 20. Close-Order Drill. 21. Extended-Order Drill. 22. Guard Duty. 23. Getting Ahead in the Army. 24. Army Courtesy.)

"All persons in the military service are required to obey strictly and to execute promptly the lawful orders of their superiors." (Army Regulations, part 1.)

Discipline is not merely an obligation imposed upon you; it is a protection to you. Your superiors, from the commanding general down, are just as much bound to respect the regulations of the Army as you are; this includes respect for the rights of every soldier.

"Military authority will be exercised with firmness, kindness, and justice. While maintaining discipline and the thorough and prompt performance of military duty, all officers, in dealing with enlisted men, will bear in mind the absolute necessity of so treating them as to preserve their self-respect. Officers will keep in as close touch as possible with the men under their command and will strive to build up such relations of confidence and sympathy as will insure the free approach of their men to them for counsel and assistance. This relationship may be gained and maintained without relaxation of the bonds of discipline and with great benefit to the service as a whole."

Saluting the Colors
The American flag carried by a regiment is known as the "colors." It is the symbol of the Nation and is treated always with the deepest respect. Another flag is carried which is the symbol of the regiment and is known as the "regimental colors." It is presented with a devotion second only to that felt for the national flag itself.

Necessary Rule of Army Life
Discipline is the necessary rule of life in the Army and is not in the least inconsistent with your own pride and self-respect as a citizen and a soldier.

The person whom you obey may be an officer, a non-commissioned officer, or even another private who has been given authority to command you. Whether you like him or not, you must respect his position and authority, and reflect honor and credit on yourself and your profession by yielding to all superiors that complete and unhesitating obedience which is the pleasure as well as the duty of every

officer.

Officers and men passing an uncased color always honor it by saluting. The manner of salute is the same as that previously described. The same rules of respect are observed by men not in formation when the uncased colors are carried by a color guard, consisting of two sergeants who are the color bearers and

two experienced privates selected by the colonel. The regimental color is always on the left of the national color.

The National Anthem

Similar rules of respect apply whenever the Star-Spangled Banner is played. Officers and enlisted men in formation stand at attention, facing toward the music (except at "recess," when they face toward the flag). They salute at the first note of the anthem, retaining the position of salute until the last note.

Every citizen of the United States, whether a civilian or a soldier, should give expression of his loyalty and devotion to his country by showing proper marks of respect for the colors and for the national anthem. When in civilian clothes, wearing a hat or cap, the correct thing to do is to remove it and hold it in the right hand opposite the left shoulder while passing an uncased color or during the playing of the national anthem. If uncovered stand at attention.

The common habit of rising slowly, standing in a slouching attitude, and sometimes even carrying on conversation when the national anthem is played, is an indication of gross ignorance or ill breeding. On the other hand, the man who stands silent and at attention is not only showing proper respect and setting an example which will have its effect on others, but is also cultivating in himself the feelings of pride and of patriotism which should belong to every citizen of the country.

It goes without saying that disrespect to the American flag can not be tolerated. If any such instances come to your attention, you should report them at once to the proper authorities in order that they may be dealt with in accordance with the law.

THE DAILY REMINDER

"Our Fighting Men"

Brigadier General John B. Wissner, who has been recalled from retirement and assigned to his old command of the Department of Hawaii, has a splendid record of more than 40 years of active service in the army. He is a native of St. Louis and a graduate of West Point in the class of 1874. His duties at the military academy were supplemented by special courses at the United States Artillery School and at the School of Mines at Freiburg, Saxony. He has served as an instructor at West Point, as military attaché at Berlin, in command of the Department of California, and as commander of the 4th Brigade at Texas City, during the late disturbances on the Mexican border.

ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about DOAN'S KIDNEY PILLS. Read it.

Frank Taylor, Prop. barber shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney trouble and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the middle of my back and my back was weak. Four boxes of DOAN'S KIDNEY PILLS, which I got at Chancery Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed DOAN'S KIDNEY PILLS. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the remedy that cured Mr. Taylor—the remedy backed by home testimony. 6¢ all stores. INSTRUCTIONS FOR KNITTING

The American Red Cross Woman's Bureau, Washington, D. C., Gives Instructions for Knitting Sweaters, Mufflers, Helmets, Socks, Etc.

This is prepared primarily for the use of hand knitters. Knitting machines may be used if desired provided the articles can be as well made and made of the same yarn.

The color of the yarn has been carefully considered with the authorities of the War Department and with the American Red Cross Commissioner for Europe, in Paris. It has been learned from both of these sources that articles made in either gray or khaki yarn will be acceptable. Owing to the difficulty of securing khaki-colored yarn in large quantities, the American Red Cross Supply Service will carry the gray yarn (oxford mixture, 4-ply 10's construction.)

Yarn and knitting needles may be procured either from Red Cross Chapters or from stores, provided the yarn is of the same grade and needles of the same size as those described in this article.

The needles referred to in these directions are standardized Red Cross needles which can be purchased from Red Cross Chapters. Their diameter is given opposite their respective numbers.

Knitting Needles No. 1. 135-1000 inches.

Knitting Needles No. 2. 175-1000 inches.

Knitting Needles No. 3. 200-1000 inches.

General Directions

Stitches should not be cast on too tightly.

Knitting should be done evenly and firmly and all holes should be avoided.

Joining should be done by splicing or by leaving two or three inches at each end of the yarn to be darned in carefully.

All knots, ridges or lumps should be most carefully avoided, especially in socks, as they are apt to blister the feet.

Sleeveless Sweater

2½ hanks of yarn (½ lb.); 1 pair Red Cross Needles No. 3.

Cast on 80 stitches. Knit 2, purl 2 stitches for 4 inches. Knit plain until sweater measures 25 inches. Knit 28 stitches, bind off 24 stitches for neck, loose. Knit 28 stitches.

Knit 7 ridges on each shoulder, cast on 24 stitches. Knit plain for 21 inches. Purl 2, knit 2 stitches for 4 inches. Sew up sides, leaving 9 inches for armholes. 2 rows single crochet around neck and 1 row single crochet around the armholes.

Knitted Helmet No. 1.
1½ hanks of yarn (½ lb.); 1 pair Red Cross Needles No. 2.

The Helmet is made in 2 parts, which afterwards are sewed together. Front of Helmet: Cast on 48 stitches (11 inches), knit plain for 25 ribs (6 inches) and knit 2, purl 2 for 35 rows. On the next row the opening for the face is made as follows:

Knit 2, purl 2, knit 2, purl 2, knit 2 and bind off loosely the next 28 stitches and purl 1, knit 2, purl 2, knit 2, purl 2. Run the stitches before the opening on a spare needle and on the stitches at other side of opening knit 2, purl 2 for 12 rows. The last row will end at the opening and at that point cast on 28 stitches to offset those bound off. Begin at the face opening of stitches on spare needle and knit 2, purl 2 for 12 rows. At the end of the 12th row continue all across to the end of other needle, when there should be 48 stitches on needle as at first. Knit 2, purl 2 for 24 rows.

Top of Helmet: Knit 2, narrow (knitting 2 stitches together), knit 14, narrow, knit 14, narrow, knit 12. Purl the entire next row. On the 3d row knit 2, narrow, knit 13, narrow, knit 13, narrow, knit 11. Purl 4th row. On the 5th row knit 2, narrow, knit 12, narrow, knit 12, narrow, knit 10. Purl 6th row. Continue to narrow in the 3 places every plain knitted row with 1 stitch less between narrowings until 9 stitches are left.

Back of Helmet: Work in same manner as for front but omit the face opening. Sew the stitches of upper edges together with joining stitch as shown in detail cut. Sew up the side seams leaving the plain knitting at shoulders open.

Knitted Helmet No. 2.
(Same as No. 1, but knitted in one piece.)

1 hank of yarn (½ lb.); 4 Red Cross Needles No. 2.

Cast on 56 stitches loosely. Knit plain for 8 inches for front piece, and leave on extra needle. Knit another piece to correspond for back. These pieces must be at least 9 inches wide.

Slip the stitches of both pieces to 3 needles, arranging for last 2 stitches of back piece to be on beginning of 1st needle, with 38 stitches of front piece added (making 40 on 1st needle).

Divide rest of stitches on other 2 needles; 36-36.

Beginning with 1st needle, knit 2, purl 2 for 6 inches. Then on 1st needle knit 2, purl 2 for 18 stitches. Bind off stitches for face opening (try to keep same arrangement of stitches on needles for further directions). Knit 2, purl 2 forward and back on remaining 90 stitches for 1½ inches, always slipping first stitch. Cast on 22 stitches loosely to complete face opening, and knit 2, purl 2 for 2½ inches (adjust stitches by slipping 2 from end of 3d needles to 1st needles, making 42 on 1st needles.)

Knit 1 round plain. Knit 2 stitches together, knit 11, knit 2 stitches together, knit 1. Repeat to end of round. Knit 4 rows plain. Then knit 2 stitches together, knit 9, knit 2 together, knit 1. Repeat to end of round. Knit 4 rows plain. Continue in this way, narrowing on every fifth round and reducing number of stitches between narrowed stitches by 2 (as 7, 5, 3, etc.) until you have 28 stitches left on needles. Divide on 2 needles, having 14 on 1st needle and 14 on the other, and finish the same as for the toe of a sock.

Wristlets No. 1

½ hank of yarn (½ lb.); 1 pair Red Cross Needles No. 2.

Cast on 80 stitches. Knit 2, purl 2 for 4 inches. Knit plain until sweater measures 25 inches. Knit 28 stitches, bind off 24 stitches for neck, loose. Knit 28 stitches.

Knit 7 ridges on each shoulder, cast on 24 stitches. Knit plain for 21 inches. Purl 2, knit 2 stitches for 4 inches. Sew up sides, leaving 9 inches for armholes. 2 rows single crochet around neck and 1 row single crochet around the armholes.

repeat this until the round is completed. There are now 60 stitches on the needles. Knit 50 rows plain until leg measures 11 inches. (6½ inches of plain knitting.) Take half the number of stitches (25) on first needle for the heel (leaving 12 and 13 stitches on the second and third needles for the instep), add on the 25 stitches knit 1 row, purl 1 row alternately for 26 times (or 3 inches), always slipping the first stitch. Begin to turn heel on the wrong side, slip 1, purl 13, purl 2 together, purl 1.

Turn work over, slip 1, knit 4, slip 1, knit 1, and pass it over slipped stitch, knit 1. Turn, slip 1, purl 5, purl 2 together, purl 1. Turn, slip 1, knit 6, slip 1, knit 1, and pass it over slipped stitch, knit 1. Continue working toward the sides of the heel in this manner, leaving 1 more stitch between decreases on every row until all the stitches are worked in. There should then be 15 stitches on the needle. Pick up 13 stitches on side of heel; now knit the 25 stitches on 2d and 3d needle on to one needle, which becomes your 2d needle; with your 3d needle pick up the 13 stitches on other side of heel, and knit 7 stitches off your 1st needle so that you will now have 21 stitches on the 1st needle, 25 stitches on the 2d needle, and 20 stitches on 3d needle. Ist needle, (a) knit to within 3 stitches of end, knit 2 together, knit 1, 2d needle (b) knit plain. 3d needle (c) knit 1, slip 1, knit 1, pass slipped stitch over, knit plain end of needle. Knit around plain (d).

Repeat a, b, c and d until you have 13 stitches on 1st needle—25 stitches on 2d, 12 stitches on 3d. Knit plain for 4½ inches. 1st needle (e) knit 10 stitches—knit 2 together, knit 1, 2d needle (f) knit 1, slip 1, knit 1, pass slipped stitch over, knit 9 stitches, knit 2 rows plain (h).

Repeat e, f, g and h 5 times, then narrow every other row until you have 5 stitches on your 1st needle, 9 stitches on your 2d needle and 4 stitches on your 3d needle. Knit the 5 stitches on your 1st needle on to your 3d. Your work is now all on 2 needles opposite each other. Break off yarn leaving 12-inch end. Thread into worsted needle and proceed to weave the front and back together as follows:

Pass worsted needle through 1st stitch * of front knitting needle as if knitting and slip stitch off — pass through 2d stitch as if purling—leave stitch on, pull thread through 1st stitch of back needle as if purling, slip stitch off, pull thread through 2d stitch of back needle as if knitting, leave stitch on. Repeat from * until all the stitches are off the needle.

Sock when finished should measure:

Foot, from tip of heel to tip of toe, 11 inches.

Leg, from tip of heel to tip of leg, 14 inches.
